STATEMENT TO MEDIA
April 29, 2010

Statement of Plug-In Texas Welcoming Fisker Automotive North American Retail Tour to Texas

“Plug-In Texas is pleased to welcome Fisker Automotive to Texas as part of the company’s North American Retail Tour.

The Fisker Karma, a new plug-in hybrid electric car, is another sign of the growing momentum of electric vehicles. Many U.S. and foreign automakers are developing hybrid or all-electric vehicles for market introduction in 2010 through 2012. The Karma offers consumers yet another attractive, clean energy luxury vehicle that is fun to drive.

Plug-In Texas is committed to raising awareness of electric vehicles and their economic and environmental benefits, as well as helping Texas move forward as a leader in the emerging market for electric vehicles.”

Fisker will be stopping in most of the major markets in Texas starting May 1 to present the Karma to interested consumers through an auto dealer network.

Fisker’s schedule in Texas includes:

- 5/1 San Antonio, TX – Barrett Holdings
- 5/3 Austin, TX – Roger Beasley Highline Group
- 5/4 Houston, TX – McDavid Auto Group
- 5/5 Fort Worth, TX – Frank Kent Motor Co.
- 5/6 Plano, TX – McDavid Auto Group

###

About Plug-In Texas: *Plug-In Texas is a broad-based and growing statewide coalition of private and public interests dedicated to supporting policy changes that promote battery electric, plug-in hybrid and all-electric vehicles in Texas, as well as the infrastructure needed to support them. Plug-In Texas will support activities that create new jobs, foster development of new technologies, improve environmental conditions and spur economic activity that supports the electric vehicle industry. The coalition intends to serve as a clearinghouse for information on EVs, and will support initiatives that market their development and promote their commercial viability. For more information about Plug-In Texas, visit www.PlugInTexas.org.*
